Join our Growing Movement!

Long before the earliest European settlers arrived, native peoples tilled the rich soils of the Rondout Valley, a fertile floodplain stretching from Kingston to Ellenville. Today, the Rondout Valley yields over 17 million pounds of produce each year — plus flowers and herbs, nursery stock and Christmas trees, livestock and horse farms, and much more.

THE RONDOUT VALLEY GROWERS ASSOCIATION supports our farming community — a diverse array of over 70 farms from 13th generation families to newcomers. Together with growers, businesses and residents RVGA seeks to strengthen farms and our local economy, educate people about local food and agriculture, and preserve irreplaceable agricultural open space between the Catskill and Shawangunk mountain ranges for future generations. We support innovative farming practices, and help bring food security to underserved populations.

Join us!

As a 501(c)3 non-profit organization, we rely on donations, grants and volunteers to fulfill our mission. Contributions to RVGA are tax-deductible. Call, email or visit our website to find out how you can help. **Your generosity helps keep local farming strong!**
