

## Locally Grown

- 🌱 makes a smaller carbon footprint
- 🌱 preserves open space
- 🌱 protects irreplaceable soils
- 🌱 fuels the local economy

**Locally grown food is:** fresher, more nutritious, better tasting, and better for the health of the community

As a nonprofit 501 (c) 3 organization, we rely on donations, grants and volunteers to fulfill our mission. Contributions to RVGA are tax-deductible. Call, email, stop by, or visit our website to find out how you can help.

## Welcome to RVGA's Food & Farm Finder

THERE'S SOMETHING FOR EVERYONE IN THE RONDOUT VALLEY! This map will guide you to farms that produce your favorite vegetables and fruits, dairy and animal products, honey and maple syrup, beer, cider and hard cider, as well as many value-added products. We have farms to purchase nursery stock and your Christmas Tree, or take equestrian riding lessons. Our local agriculture provides a healthy quality of life that supports our community, landscapes and economy. Use this **Food & Farm Finder** to locate farms, farm stands and farmers markets so you can enjoy all the benefits of living in a farming community.

Next to the map is a color-coded legend identifying 16 categories of farm operations and crops. Each listing – including some farms not open to the public – has the farm name, contact information, GPS-friendly addresses and seasonality. To learn what products are available in each season, see the **Seasons-at-a-Glance**. Availability is dependent on weather and other altering factors. It's best to check with the farmer before your visit.

RVGA connects people with local farms, increasing access to fresh, locally-grown food and agriculture-related activities. Please consider supporting our endeavors to strengthen our local economy, advocate for our farming community, connect people to the food they eat and farmers who nurture and grow healthy food. Use the detachable form in this guide to make your very-appreciated donation or visit [rondoutvalleygrowers.org](http://rondoutvalleygrowers.org) to donate on-line. We depend on your donations.

## LIVING IN A FARM COMMUNITY

*Tucked between the Catskill and Shawangunk mountains lies some of the most fertile soil in the United States, which has been producing fresh, healthy, nutrient-rich food for centuries. You will find everything is better in the Rondout Valley – the secret is in the soil.*

*Get to know your farmers, get to know where your food comes from, get to know what you're eating.*

## Who we are...

RVGA, Inc. is a farmer-led nonprofit organization deeply rooted both in farming and in community. We are growers, local food professionals, businesses and residents committed to strengthening and supporting our farm community. Over 70 farms, from legacy families to newcomers, we produce more than 17 million pounds of food each year.

## What we do...

-  **build community** among farmers, neighbors, schools and beyond
-  educate, advocate, and celebrate the **importance of local food and farms**
-  create **partnerships** to offer more fresh **locally grown food** to children, families and underserved populations
-  work to **protect irreplaceable farmland**, boost our local economy and support innovative farming practices
-  inspire and engage the **next generation** to create a **sustainable local food supply** and strong agricultural fabric

## How you can help...

-  Get to know Rondout Valley **farmers & buy local**
-  **Spread the word** about RVGA
-  Attend RVGA **events** & learn more about what farmers do
-  Visit our **website** & “like us” on **Facebook**
-  **Volunteer** your time & talents
-  Make a **tax-deductible donation**
